PROFESSIONAL SUMMARY

Front-End Developer with 3 years of experience in React, Next.js, and TypeScript. Deliver consumer-facing MCI products and internal tools, from reusable UI components and API integration to production releases.

PROFESSIONAL EXPERIENCE

Front-End Developer | Nilva | 2024 - Present

Front-end partner agency delivering products for Hamrah-e Aval (MCI).

- Develop React and Next.js interfaces for MCI products used in production.
- Build reusable components and validated forms with MUI, shadcn/ui, React Hook Form, and Zod.
- Integrate REST APIs and manage server data and application state with React Query and Zustand.
- Collaborate with back-end engineers and coordinate builds, deployments, and production releases.

Internship | 4 months - Gained hands-on software testing skills while contributing to quality assurance activities alongside development.

SELECTED PROJECTS

MCI Shop | 5 months: Contributed to a live Hamrah-e Aval e-commerce application used by customers, building product browsing, cart, and checkout interfaces with Next.js, React Query, and MUI.

Ava Hamrah | 3 months: Developed Next.js front-end features for Hamrah-e Aval's ringback tone service, planned for launch on the Hamrah-e Aval website.

Inbox (My Messages) | 3 months: Built dynamic message layouts with shadcn/ui components for delivering MCI messages to end users, planned for integration into the My-MCI (Hamrah-e Man) app.

Phantom | 2 months: Built an API mocking dashboard now used internally across Nilva projects for endpoint configuration, request testing, and call history, using Next.js and TypeScript.

Sport Zarebin | 2 months: Optimized match tables in a live Next.js 12 sports application associated with Zarebin and used by end users.

Shahdaei Portfolio: Built a personal portfolio website for an individual client: shahdaei.com.

MCI Bubble Game: Developed an interactive React browser game with animated gameplay and a focus on user experience.

TECHNICAL SKILLS
